NEW THIS MONTH

P324 BT (GEN 2)

SPORTS HEADPHONE

Just in time for the summer season there is a new sports headphone in the range. Like the predecessor the P324 BT (Gen 2) features a specific focus on active music fans needs. Battery charge problems which lead to recall of the first P324 BT generation have been identified as a software error and could be completely dispelled in the second generation.

Main features

- On-ear sports headphone with microphone
- Removable and washable ear pads
- Secure hold due to comfortable neck band

P324 BT (GEN 2)

ON-EAR SPORTS HEADPHONE WITH MICROPHONE

Comfortable while training

The sports headphones are not only extra lightweight, but also very nice to wear during any sporty activity due to their comfortable neck band. Even at high intensities of sports they stay where they belong. Thanks to the removable and washable ear pads, no displeasing smell or discoloration can arise.

The best sound

Sportsmen and women who exercise outdoors need to be aware of noises like traffic. Therefore, the P324 (Gen 2) delivers great sound without cancelling the environment sounds completely.

Active with Bluetooth 4.0

The Bluetooth 4.0 guarantees a great connectivity. Connect the P324 BT (Gen 2) easily to iPhones, iPods, iPads, Android phones like the Samsung, Motorola, Nokia, LG or any phone, tablet or device with Bluetooth. With the built-in microphone you can have a phone call with only one click anytime.

 **Bluetooth 4.0**

Safe transport

The convenience of the foldable and lightweight headphones allows to carry them wherever you go. The included hard case will keep them protected at all times.

Specifications

Headphone type	On-Ear
Bluetooth version	4.0
Frequency Response	18 Hz - 22 kHz
Driver Size	28 mm
Impedance	32 Ω
Battery	400mAh Lithium-ion Polymer Battery
Playback Time	20 hours
Standby Time	Up to 400 hours
Weight	78 g

F14

CASE FAN SERIES

F14

F14 PWM

F14 PWM PST

F14 PWM PST CO

F14 Silent

FEATURES

PWM

PWM

The PWM function allows the motherboard to run the fan precisely at its necessary speed. This guarantees the required cooling and minimizes the noise level.

PST

The PST assures that all of your fans listen to one control signal. This assures that your case fans stand down at low load and spin up whenever necessary.

CO

The premium quality Japanese dual ball bearing allows continuous operation 24/7 without the slightest compromise in performance. The CO case fan's life span is up to 5 times longer compared to models using a generic bearing.

Silent

At low fan speed, the motor noise is key. A motor developed in Germany with a new alloy/lubricant combination reduced friction and noise.

Specifications

Model	Size	Fan Speed	Noise Level	Control Type	Bearing	Warranty
F14	140x140x27 mm	1350 RPM	0,3 Sone	Fixed Speed	Fluid Dynamic Bearing	6 years
F14 PWM	140x140x27 mm	1350 RPM	0,3 Sone	PWM	Fluid Dynamic Bearing	6 years
F14 PWM PST	140x140x27 mm	1350 RPM	0,3 Sone	PWM	Fluid Dynamic Bearing	6 years
F14 PWM PST CO	140x140x27 mm	1350 RPM	0,3 Sone	PWM	Dual Ball Bearing	6 years
F14 Silent	140x140x27 mm	800 RPM	0,08 Sone	Fixed Speed	Fluid Dynamic Bearing	6 years
