

19TH EDITION OF OUR MEET&GREET A BIG SUCCESS

More than 400 visitors joined our event in Antwerp on Friday April 29th 2016. We had 25 vendors presenting their products.

The presentations of Arctic, Engenius, Ricoh, GData and ALLOcloud were also very much appreciated.

We highly value the relationships between our customers, our sales team and our vendors. We were very pleased to re-introduce our products and business opportunities as well as the new partners : Arctic, SilentiumPC, Inno 3D, Dicota, Divacore, ALLOcloud and Manhattan/Intellinet.

All new brands will soon be available.

Keep consulting our new website, for more promotions, super deals and product information on our blog !

Looking forward to doing more business with all of you and hope to welcome you all at our next Meet&Greet event.

Warm Regards,

2BY2
