P9 WINDOW

SILENCE AND PERFORMANCE COMBINED

The P9 Window is loaded with builder-focused features that deliver performance, Quiet Computing™, and future-proof expandability right out of the box. Spacious enough for eight PCI-E cards of up to 16.9" / 430 mm in length, and with room for up to a 360 mm radiator on the top, the P9 Window also features an adjustable pump bracket and removable HDD cages that enable you to install a custom water loop with ease. In addition, the P9 Window comes equipped with two 120mm fans in front, one 120 mm fan in the rear, and plenty of additional mounting options. The eight tool-less 3.5" drive bays are each compatible with 2.5" SSD, so expand and upgrade however you'd like. Don't be confined by limits- with the P9 Window, you're in command.

SPECIFICATIONS:

- I/O Ports
  - 2 x USB 3.0
  - 2 x USB 2.0
  - 2 x Fan controls
- 13 Total Drive Bays
  - 3 x Tool-less 5.25" ODD Bays
